

Danish Nash Hash Newsletter

Act 1 - February 2016

HHHello HHHashers!

Welcome to a wonderful new year of Hashing. Obviously the highlight for you will be the Danish Nash Hash in Helsingør on the 8-10th July. We're looking forward to welcoming you and because you're such nice people we thought you might like some random shit about getting here, what's going to happen, pre and post lubes and all that sort of crap. So open a beer, sit back and prepare to be informed.

Where 'st in hell is Helsingør?

A quick search for Helsingør on Google Maps will help you get your bearings, it's on the north east coast of Denmark about 50km (30 miles) north of Copenhagen and 4.5km (do the maths) west of Helsingborg in Sweden.

The easiest way to get there is by train. They leave from the airport or from the centre of Copenhagen every 20 minutes and take about 45 minutes. A taxi will happily take you there too but it would be a waste of good beer money. Take the train.

From Helsingør station take the lokalbane to Højstrup station (5 minutes), walk down the hill and you're there.

If you are coming from Sweden there is a ferry from Helsingborg that takes 20 minutes, there is no point in booking as there are 70+ sailings per day and you can just turn up and walk on. It lands right next to the station so you can get the lokalbanen to Højstrup as well

A Motley Place

We have a great venue for you. It's a recently refurbished hostel on the coast, right next to the woods and close enough to town if you want to have a look around. Bring your speedos or your bikini or don't bother, this is Denmark after all! The sea is *literally* over the wall at the end of the garden. Have a look at the video on the photos page of their [website](#) if you don't believe us

We have the whole place to ourselves for the weekend so we won't be disturbed. And local beers will be on tap

from registration on Friday until the circle closes on Sunday.

The Best Laid Plans

Registration will open sometime (TBD) on the afternoon of the 8th July at which point you can get your goodie bag and find your bed. After dinner that evening we'll have a pub crawl through Helsingør. There will probably be a shot stop or two on the way but you'll need some cash to buy beer in the bars.

After breakfast on Saturday there will be trails through the forest for all levels of runner, walker or wanker with lunch and probably a couple of drink stops somewhere out in the wilds. After a proper Viking Wankers circle there will be time for swimming and relaxing until dinner and then party into the night.

Breakfast on Sunday will be followed by the hangover trail and circle and then bugger off home so we can clear up.

The Party 's the Place

Break out your doublet and hose, ruffle up your ruff and send your cape to the cleaners. We're in sight of the most famous castle in literature so there is only theme we can have.

Come as your favourite Shakespearean character! Be the hero, the villain, the star cross'd lover, the 3rd spear carrier of just a pound of flesh. It's your choice.

Hasher Lube Thyself

Pre-Lube - Thursday 7th July

[Stockholm H3](#) will show you the delights of Helsingborg. It's a chance to hash Sweden. Hash in another country only 4.5km away. Follow the link for instructions, you'll need to register by the 1st May.

IMPORTANT: If you have already registered please register again. They has been a problem with the email address so your message may have got lost. To be on the

safe side register again, if they have you on their list already then they'll sort it out. You can give them a down down for stupidity in July.

Other Local(ish) Hashing

Copenhagen Viking Wankers will be running on the Mondays before and after the Nash Hash. The run will be somewhere near to Copenhagen probably from an S-Tog station. See www.ch3.dk for details nearer the date.

Or if you prefer to go further afield take the plane or the ferry up to Oslo. OH3 also run on Monday nights, more info will be on www.oh3.no nearer the date.

Aarhus H3 run on Tuesdays so stay an extra day and relax on the train to get there. It's the other side of Denmark but it only takes a couple of hours (www.ah3.dk).

Questions! Questions!

I can't make it! Can I sell my rego?

As long as there is someone willing to buy it off you, go ahead. If you need to find someone then drop us a line rego@nashhash.dk and we'll put you in contact with anyone that we know is looking.

Once you've sold the rego we ask that both you and purchaser email us to let us know that the deal has been done and you're sorted.

Note that if regos are transferred after the start of May then we cannot guarantee the T shirt size for the buyer.

Can I book extra nights at the venue?

You can, but we are negotiating with them to get you a good rate and hopefully to save you having move rooms. We hope to be able to let you know very soon how to book and get these benefits so if you can wait you could save yourself both money and hassle.

Should I learn Danish before I come?

You can try but it's a futile exercise. This might explain

What currency do you they use in Denmark?

The Danes were smart enough to stay out of the Euro and still have their own currency, the Danish Kroner. Rates vary but at the time of writing you should get between 6.8 kroner for per US\$, 7.5 per € or 9.8 per GB£

For the ~~Americans~~ geographically challenged, if you are planning on going to the pre-lube in Helsingborg be aware that it is in Sweden which is a whole different country. They have their own language, their own flag and they do things differently there. They don't use the

Euro either and their currency is also called the Kroner except it's not the same Kroner as in Denmark.

Luckily most places in both countries will take credit cards provided you have chip and pin.

Isn't Denmark the capital of Sweden?

No. However much the Danes would like it to be

Where can I stay if I want to hang around in Copenhagen?

There are plenty of hotels and hostels in Copenhagen at prices for most pockets. 10 minutes on line will give you plenty of choice. Remember to check on Google Maps (other mapping services are available) exactly where the hotel is before you book. Somewhere near the Tivoli will put you right in the middle of town.
